

STARKOM INTERA was founded in 2007 as a trading company engaged in the wholesale supply of polypropylene containers, such as bags and big bags. In 2012, a line of own production of big bags (MKR) was launched. Since this period, our company has established itself among the manufacturers of large containers as a reliable supplier of polypropylene containers and packaging to its customers.

STARKOM INTERA is a full-cycle manufacturer: from pellet processing to sewing of final products:

-Sacks 25kg, 50kg

-big bags

-liner bags for sea containers

-Inserts for open wagons and covers for them

-Laminated fabric covers of any size.

We can offer you the following types of big bags:

- by handles: 1-handle, 2-handle, 4-handle, 4-sewn slings

-width 60x60cm, 75x75cm, 80x80cm, 90x90cm, 95x95cm, 100x100cm

-Top: open, lapel, apron, flap

-Bottom: blind bottom, without bottom, discharge valve (different diameters are available)

-fabric density: from 90 to 160 g/m²

-by the length of the sewn slings

-with or without a liner inside.
