Production and Trading Enterprise

The Ukrainian enterprise
“JNL” expresses interest
in export to your coun-
try grain and bean cere-
als, flours, crops and beans
from Ukraine.

You are welcomed by the manufacturer and exporter of flour, cereals and legumes
Ukrainian PRIVATE PRODUCTION AND TRADING ENTERPRISE "JNL".

Founded in 1992, our company has a long tradition of trade and production.

Our company has gained a reputation as a reliable supplier and business partner
in the global agro-industrial complex. The company produces and exports various
types of flour, cereals and a wide range of legumes and grains.

The processing capacity of our factories is 160 tons/day. The capacity of the elevator is 18,000
tons.

According to the results of the National Business Rating the Private Production and Trading Enterprise “JNL” is the second in Ukraine in the basic activity and is the leader of the branch of industry.

The enterprise is the member of the Ukraine Chamber of Commerce and Industry, Chernihiv CCI and was included in the National nongovernment Register of Reliable Partners.

- Bill of lading

Prospect

Our **current corporation mission** is producing cereals from a vast list of grain crops with assured high quality at a reasonable price, ensuring delivery volume flexibility on each specific market and introduction of the goods into the international markets with different purchasing capacity.

The **new corporation mission** of our enterprise is producing defatted corn grain and corn flour at very high quality for world foodstuff and low-alcoholic beverage industry. The product will enable our customers to be the leader of sphere of activity.

Although we use traditional technology in processing of grain and bean crops in cereals, we permanently investigate and realize new technologies when it is really necessary and promote to occupy the primary position on the market.

We invest money in our industrial and office workers education and create good working environment to guarantee their physical and mental health and sanity. We encourage our staff by rewards and encouragement for devoted work for our company, the branch of industry and our society.
