

DRAKENBERG

Car wash chemistry and cosmetics

Who we are

- ✓ leader of Ukrainian market with market share 40%
- ✓ The most fast-growing producer of automobile chemistry and cosmetics in Europe

Principals of our business

- ✓ Responsible for quality
- ✓ Product meets strict requirements of car manufacturers
- ✓ Multi-step product validation
- ✓ Ongoing research and product development

Active foam "Aktivschaum 44" For contactless cleaning

Concentrated cleaner for water with increased hardness

It is used for all types of contactless washing transport

- cars,
- railways,
- motor vehicles
- bicycles

A characteristic feature of this agent is the possibility of its effective use working on an unstable water chemical composition from wells or with poor-quality water from city networks that has not undergone proper preliminary preparation.

Hard water will not interfere, because special additives will instantly neutralize it.

Concentrated Active foam "Aktivschaum 55 ROSA"

with pink-colored foam

It is used for all types of contactless washing transport

- cars,
- railways,
- motor vehicles
- bicycles

This product belongs to the premium segment.

The pink coloring of the foam visually creates an additional effect, which has gained particular popularity in recent years. A characteristic feature of the product is that you do not need to use any activator to get the pink color.

Professional concentrated vehicle rinse with high water repellency «Wax concentrate»

Professional concentrated vehicle rinse agent has a high-water repellency. Use of this product will protect the surface from the outdoor environment.

Wax concentrate accelerates drying and slows down the process of dirtying, gives additional shine.

DRAKENBERG

Interior dry cleaner

Concentrated agent for cleaning textile, rubber and plastic surfaces of the vehicle interior. Due to its properties, the interior dry cleaner penetrates deeply into the contaminated surface, overcomes any type of contamination, and neutralizes unpleasant odors. It will help to effectively restore the appearance and will not leave stains after use.
