## OUR WAY

**2016** – launching our own production of granite composite sinks TM "Platinum", by unique technology and professional equipment with the help of our own specialists, who were trained at factories in Belarus, Poland and Italy.

**2017**– We create our own collection of sinks with original models and colors.

**2019**– We are in the top 3 of the biggest Ukrainian manufacturers of granite composite sinks.

**2021**– We have our own warehouses with an area of 4,500 m<sup>2</sup> and 20 warehouse workers

**2023**– We export our sinks to 9 countries: Germany, Slovenia, Croatia, Moldova, Romania, Bulgaria, Lithuania, Latvia and Estonia.

# PLATINUM

**PE VALESO TM PLATINUM** manufactures granite composite sinks in Chernihiv, Ukraine using Solid Surface technology in compliance with all necessary standards and its own improvements.

Solid experience, professional approach and attention to detail in production allowed us to create our own unique technology for the manufacture of granite composite sinks.

## OUR ADVANTAGES:

### Biggest range

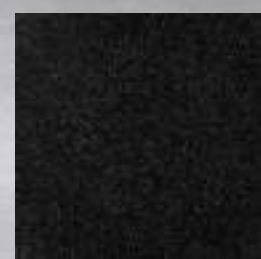

The biggest range of quality sinks in Ukraine (32 models in 20 colors),  
for you to choose your own sink.

### Easy to clean

Easy to care for: the bottom of the bowl is sloping towards the siphon opening, which prevents retention of dirt in the corners of the sink; any dirt is easily removed with a sponge.

## Technology

Due to high-quality German raw materials (isophthalic resin, modified with acrylic, and quartz sand) and Platinum's own sink manufacturing technology our sinks:

- ✓ resistant to scratches and mechanical damage;
- ✓ do not lose color over time, resistant to UV rays;
- ✓ withstand sudden temperature changes: you can safely pour hot water and not worry about the state of the sink;
- ✓ have the correct geometry, which contributes to easy installation and a snug fit to the surface;
- ✓ have 5 years warranty.

Platinum sinks look perfect and will last for years.
