

**Fermerske gospodarstvo «Svietlova»
Ukraine, 1993**

The farm has 1160 hectares of arable land and grows grain crops such as wheat, barley, buckwheat, sunflower, corn, soy, millet in Ukraine, Sums'ka obl., S.Richky

We want to offer products for export is wheat. Despite the weather conditions, this year we managed to collect a wheat crop of 2,200 tons. The grain from wheat is milled to make flour. Flour is used to make lots of different food products, such as bread, pasta, biscuits and cakes.

Now we have 1,300 tons of wheat for export at the SFG “Urozhai” elevator (Ukraine, Sums'ka obl., Romensky district). Wheat meets established quality certificates and state standards.

Approximate prices – Negotiated.
