## OUR COMPANY

# OUR FURNITURE IS YOUR BENEFIT

The Doros group of companies is a large manufacturer of serial cabinet furniture in Ukraine. The company was established in 2002, and it primarily aims at manufacturing the quality furniture that is available to a wide audience of customers. Our company produces mainly home furniture: predominantly modern wardrobes, hinged-door wardrobes with additional elements, as well as furniture for office, living room, hallway, etc. We are constantly exploring the contemporary trends in interior design to offer universal solutions for each customer that would perfectly fit with any living or working space.

Due to the long-term wardrobe manufacturing experience, we possess the opportunity of producing multifunctional models with modern aesthetics and high quality. But carefully planned serial production enabled our furniture to be so accessible. All the Doros cabinets are manufactured in a factory equipped following modern international quality & safety standards of furniture production. All the materials we use are eco-friendly and relevantly certificated. We strictly comply with all industry standards.

Our furniture consists of high-quality materials and accessories: chipboard from the leading manufacturers and durability-tested components of mobile systems. Our company can offer its own design models or contract models production following the needs of the wholesale buyer.
