Premium popcorn with caramel | sea salt

Premium brand EL MAIZ is the first Ukrainian Caramel Popcorn with Sea Salt. For the production of this popcorn, we use selected corn grains of the Mushroom sort, which open in the shape of a ball. The opened grains are wrapped in a generous layer of sweet caramel with sea salt, which makes the taste especially piquant. The bonus part is a Zip lock that we added to the packaging to keep the open popcorn fresh and crisp longer, and a wet cloth to keep your hands clean before and after consumption.
