Welcome To Our Practice,

Before we begin our consultation, I would like you to know what to expect on your first visit.

The most important tool I have to help you is the information you provide to me so please take your time with the forms you have in front of you. If the forms do not address an item or issue that is important to you then please feel free to write it in or let me know when we meet. If you have any relevant medical information such as X-Rays, MRI's or CT scans and any reports please get those to me by your next visit or let me know who may have them. When we meet we will have a detailed discussion of your concerns and I will follow that with a thorough examination of the relevant areas.

After your examination I will give you my opinion and my recommendations as to possible causes and treatment options. At this juncture, several different things may happen; I may initiate treatment immediately if I feel it is safe to do so; I may refer you for testing and initiate treatment at another time; or if necessary, I will refer you to another specialist.

General Office Policies:

Our practice does not accept insurance. We can provide you with a superbill that you can submit to your insurance company for possible reimbursement. Please note there will be a \$50 charge for missed appointments that are not cancelled at least 24 hours in advance. We accept Cash, Credit Cards, Checks and Zelle payments. Payment is required when service is rendered.
